(CGEM)**

INTERNAL RULES OF THE SUPERVISORY BOARD

(version in force, updated on December 16, 2022)

Recitals

CGEM's governance, a partnership limited by shares, is based on a clear separation of management and supervisory powers.

In accordance with its bylaws, CGEM is managed by one or more Managers, who may be General Partners, headed by the Managing Chairman. In the case of a sole Manager, the latter shall be appointed Managing Chairman in accordance with the bylaws.

The Non-Managing General Partner, SAGES, shall not take part in the management of CGEM, unless the position of Manager falls vacant. It shall participate only in certain governance-related decisions as provided for in CGEM's bylaws.

In view of its role as an independent supervisory body, the Supervisory Board and its Committees cannot comprise any of CGEM's General Partners or executive officers.

Under the conditions provided by law and CGEM's bylaws, the Supervisory Board may be comprised of one or more members representing employees, not designated by the Annual Shareholders Meeting. With the exception of certain specific legal provisions, CGEM's bylaws and these internal rules, the members of the Supervisory Board representing employees have the same rights and obligations as other members.

In accordance with French law, CGEM decided to refer to a corporate governance code drawn up by industry trade groups and selected the AFEP/MEDEF Corporate Governance Code applicable to listed companies (and supplemental materials), whose updates are regularly provided to the members of the Supervisory Board to whom it is familiar (hereinafter "AFEP/MEDEF Code").

The recommendations of the AFEP/MEDEF Code were mostly written with reference to corporations (*sociétés anonymes*) with a Board of Directors. Accordingly, the Managers and the Supervisory Board, in agreement with the Non-Managing General Partner shall:

- adapt the recommendations of this Code as needed to reflect the specific characteristics of partnerships limited by shares, as stipulated in the Code and,
- introduce relevant changes in the governance rules of the Company's corporate bodies to ensure that they are in line with these recommendations and, where appropriate, explain the differences.

The purpose of these internal rules is to clarify the Supervisory Board's roles, responsibilities and practices.

A summary of these rules is published on the Group's website and/or in its Universal Registration Document.

1.4. The Board and shareholder dialogue

Outside of the Annual Shareholders Meeting, shareholders meetings and Shareholder Consultative Committee meetings, the Supervisory Board may ask its Chairman, for the duration of his or her term, to participate in the dialogue with CGEM's main shareholders on matters relating to (i) the experience and expertise of the Supervisory Board, and, where appropriate, (ii) information relating to the Group's strategy; this information must have been publicly disclosed beforehand.

On his or her own initiative, the Chairman of the Supervisory Board may ask the Senior Independent Member or, alternatively, another member of the Supervisory Board with the relevant experience in corporate communication, to replace him or her for this task from time to time.

The Chairman must ensure that he or she has the necessary time and adequate resources to perform this task.

The Chairman shall report to the Supervisory Board on the performance of this task where necessary.

2. Individual situation of the members of the Supervisory Board – Senior Independent Member

2.1. Independence – conflicts of interest

A majority of the members of the Supervisory Board must be independent and without any vested interests (i.e., with no relationship of any kind whatsoever with CGEM or its management or one of its consolidated companies which might risk coloring the member's judgment). The members of the Board representing employees are not taken into account for the calculation of this majority.

Every year, the Board shall review its members' independence based on specific criteria set out in the AFEP/MEDEF Code, based on the review conducted by the Compensation and Appointments Committee, and assess whether there were any relationships between its members and CGEM or one of its consolidated companies.

In addition, the members are required to inform the Supervisory Board of any potential or existing conflict of interest and are banned from taking part in the discussion and vote on the matters concerned.

In accordance with paragraph 2 of Article L. 225-39 referring to Article L. 226-10-1 and R. 226-2 of the French Commercial Code, the Supervisory Board has established a procedure for the regular review of agreements entered into in the normal course of business, in order to obtain assurance that they are on arm's length terms. The persons directly or indirectly concerned by any of these agreements do not participate in the review. The procedure is performed by members of the Legal Department who refer to the regulatory framework governing these types of agreement.

He or she shall remain in office for the duration of his or her term as a member of the Board.

However, the Senior Independent Member may be removed from office during his or her term (i) in the event of the loss of his or her status as independent member, or

- endeavor to attend all Annual Shareholders Meetings.

Beyond strict compliance with the legal provisions and the recommendations of the AFEP/MEDEF Code in relation to multiple directorships, the members of the Board shall ensure that the number and responsibilities of their office as directors or members of Supervisory Board allow them to be sufficiently available, particularly if they also hold executive positions.

To the extent that they intend to accept a new appointment or new professional responsibilities, the members of the Board undertake to inform the Board in advance.

The members of the Supervisory Board may not, in addition to their directorship, (i) hold another office as director, Chief Executive Officer or member of a management or supervisory board or (ii) provide continuous or occasional advisory or other services to a company whose own business or group business is similar to or related to the activity of CGEM or one of its consolidated companies. This prohibition shall remain applicable for as long as they remain in office and for a period of two years from the date on which the member of the CGEM Supervisory Board ceases to hold office.

2.4. Obligation to hold shares

In accordance with CGEM's bylaws, each member of the Board must be a shareholder of CGEM. In addition, as long as they remain in office, the members must hold at least 1,600 Michelin shares and the Chairman of the Board at least 2,400 Michelin shares.

The Supervisory Board may set up one or more Committees to assist the Board in performing its duties and in preparing its meetings.

The members of these Committees are appointed by decision of the Supervisory Board under the conditions of quorum and majority laid down in the bylaws.

The establishment of any Committee must be included as an item on the agenda so that the Supervisory Board can discuss it in advance, and is decided under the conditions of quorum and majority laid down in the bylaws.

Any establishment of a Committee results in the adoption by the Board of internal rules specific to that Committee defining its roles, responsibilities and practices.

These Committees act within the scope of the duties given to them by the Board and are without any decision-making power.

The Committees' work schedule is included as a specific item on the agenda so that the Supervisory Board can validate it in advance.

When the Board deliberates on the compensation of the Managers and the Chairman of the Supervisory board based on the Compensation Committee's work, it deliberates without them being present.

The Senior Independent Member appointed by the Board may organize, chair and lead executive sessions among the independent members in accordance with Article 2.2 of these internal rules.

Unless specifically prohibited by law, meetings of the Supervisory Board may be organized by secure video conference or other means of telecommunication enabling the identification of the members and ensuring their effective participation. These means transmit at least the voice of the participants and comply with technical specifications enabling the continuous and simultaneous transmission of the deliberations.

Participation of members in Supervisory Board meetings by video conference or other means of telecommunication is taken into account in the calculation of the quorum and majority, with the exception of participation on matters referred to above.

All the necessary documents to enable the members of the Board to perform their duties and consider the items placed on the agenda of the meetings shall be sent to them by the Chairman of the Supervisory Board, by postal or express mail or made available on a secure digital platform, within a reasonable period prior to the meeting. They may exceptionally be submitted at the meeting.

In addition, the Chairman of the Board may, at any time, ask the Managing Chairman to provide any document useful for the performance of the Supervisory Board's duties between meetings of the Board and, in particular, relevant information throughout the life of the Company, if the importance or urgency of the information so requires. This permanent information also includes any relevant information, such as criticism about the Company, press releases and financial analysis reports.

This assessment is performed:

- annually by the Chairman of the Compensation and Appointments Committee with each member of the Board,
- at least every three years by an external consultant, with its assessment including the assessment of the practices and the individual contribution of each member.

The conclusions of the assessments of each member's individual contribution are provided to them.

Once a year, the Supervisory Board shall devote one item on its agenda to a discussion on its practices.

4.4 Training for Supervisory Board members

Upon joining the Board, the members receive training on the Group's activities. Over the course of their office, training courses may be organized to keep their knowledge on the activities current. The training courses are organized and proposed by CGEM and are covered by the latter.

Members of the Board representing employees receive training adapted to their specific duties.

Outside the Supervisory Board, only collective views can be expressed, and only by the Chairman of the Supervisory Board or the Senior Independent Member.

As regards undisclosed information acquired in the course of their duties, the members of the Board are bound by strict professional secrecy exceeding the simple duty of discretion.

All information disclosed to the members of the Supervisory Board (presented or made available to them by any means), as well as the discussions, deliberations and minutes or records of meetings of the Board and its Committees, must remain strictly confidential until they are made public.

Any person called to attend a meeting of the Board or its Committees, in whole or in part, is bound by this duty of confidentiality.
