Mindful Voices

New for 2026, the Mindful Voices platform brings together inspirational voices from across the hospitality industry – an editorial space where chefs, hoteliers,

and winemakers can share their stories and pioneering practices, both with one another and the rest of the world.

"Mindful Voices will give a platform to all those who are rewriting the rules in their respective fields," said Gwendal Poullennec, International Director of the MICHELIN Guide. "This new framework draws directly from what our Inspection teams witness firsthand: encounters and experiences that are transforming how things are done and that deserve to be shared. Staying true to its identity and values, the MICHELIN Guide will amplify and give full resonance to these voices from the worlds of gastronomy, hospitality and wine so that they can be heard, wherever they may be."

During this year's ceremony, Chefs **Aldo Camarena** and **Ashley McKay** from **Antylia** in Toronto were both welcomed onstage as new Mindful Voices for this year's Toronto & Region edition. These chefs take great pride in cultivating relationships with local farmers and Indigenous growers to highlight their ingredients across the restaurant's menu.
