Glossary

FREE CASH FLOW BEFORE M&A

Free cash flow before dividend payments and financing transactions, corresponds to net cash from operating activities less net cash used in investing activities, including JV financing, adjusted for net cash-flows relating to cash management financial assets and borrowing collaterals. M&A-related cash-flows and repayment of IFRS 16 debt are not included.

ROCE

Return on capital employed: Net operating profit after tax (NOPAT), calculated at a standard tax rate corresponding to the Group's average effective tax rate; divided by average economic assets employed during the year, i.e., all of the Group's intangible assets, property, plant and equipment, loans and deposits, investments in equity-accounted companies, and net working capital requirement.

NON-TIRE SALES

Sales from the Connected Solutions (excluding TaaS and Distribution), Polymer Composite Solutions businesses, Lifestyle, excluding joint ventures

IMDI

Composite indicator, covering mixity (gender), disability, perception of equity and inclusion and social promotion of collaborators.

TRIR

Number of work-related injuries per 500 full-time workers during a one-year period

TRWP

Tire and Road Wear Particles are generated by the friction between the tire and the road surface and are influenced by a variety of factors. These particles are composed of around 50% elastomer fragments from the tire and 50% minerals and road dust and their size ranges from 80 and 100 microns.

RENEWABLE OR RECYCLED MATERIALS
