Glossary

FREE CASH FLOW BEFORE M&A

Free cash-flow, which is stated before dividend payments and financing transactions, corresponds to net cash from operating activities less net cash used in investing activities, including JV financing, adjusted for net cash-flows relating to cash management financial assets and borrowing collaterals. M&A-related cash-flows and repayment of IFRS 16 debt are not included.

ROCE

Return on capital employed: Net operating profit after tax (NOPAT), calculated at a standard tax rate corresponding to the Group's average effective tax rate; divided by average economic assets employed during the year, i.e., all of the Group's intangible assets, property, plant and equipment, loans and deposits, investments in equity-accounted companies, and net working capital requirement.

TIRE SALES

Sales from Michelin's core business, including the Tire-as-a-Service (TaaS) business and Tire distribution operations.
